Training Programs (2024-25) Part -I

Seminar by Worcester Polytechnic Institute (WPI), USA

22.10.2024

The seminar, led by Mr. [Panyam Srikumar](#), Head of Asian Operations for WPI, was a fantastic opportunity for our final-year students from Computer Science, Artificial Intelligence, Mechanical, Civil, and Electronics Engineering programs. Mr. Kumar shared invaluable insights into:

- ✔ Opportunities for higher education and research at WPI
- ✔ The importance of international collaboration in engineering and technology
- ✔ Bridging the gap between industry and academia

Training Programs (2024-25) Part -II

Date – 28 March 2025

Speaker - Ms Aishwarya Joshi

We were honored to welcome our distinguished alumna, Ms Aishwarya Joshi, a 2014 Mechanical Engineering graduate, who is now working as a Global Supply Manager at Apple, Austin, Texas, USA. During her visit, she shared invaluable career insights with our third-year students, drawing from her own journey of growth and success. As part of MIT's flagship program, 'Career Path Module', the Training & Placement Cell continues to bring such inspiring alumni to guide students toward a brighter future
