Murali (MIT Alumni, CE 2009-2013), currently serving as Project Lead – Datacentre Projects | PMO, as our distinguished speaker.

During the session, she provided valuable insights into:

- Global career opportunities in the civil engineering sector
- The significance of software tools like MSP in project management
- The evolving role of infrastructure development and database management in the industry
- Her professional journey and experiences as a Project Lead at JLL

Her expertise and real-world experiences offered students and faculty a deeper understanding of the dynamic career paths available in civil engineering.

A big thank you to Smt. Aswathy Murali for an inspiring and insightful session! Looking forward to more such knowledge-sharing events in the future.
