

G.S. Mandal's

Maharashtra Institute of Technology, Chatrapati Sambhaji Nagar

1. Event Date: 5th August 2023

2. Event: - Expert Talk on Generative AI

3. Speaker at the Event: Mr. Mandar Kulkarni, Infinity Tech Resources.

Objectives: • To provide insights into the evolving field of Generative AI, covering its applications, challenges, and future trends.

Outcome:

- Enhanced awareness of Generative AI and its practical applications across industries.
- Understanding of ethical considerations, bias, and data privacy in AI.

Gist of the event: The expert talk on Generative AI was attended by students and a few faculty members. Mr. Mandar Kulkarni delivered an insightful session on the foundational concepts of Generative AI, discussing key models such as GPT and DALL·E. The session covered real-world applications in various industries, including healthcare, finance, and creative domains. Ethical considerations, including data privacy and bias in AI models, were also highlighted.

Live demonstrations of Generative AI models and a highly interactive Q&A session kept the audience engaged. Participants provided positive feedback on the clarity and depth of the discussion. Recommendations for future sessions included incorporating more hands-on demonstrations and extended Q&A interactions.

Feedback from participants was overwhelmingly positive, with students particularly appreciating the practical insights and real-world case studies shared by the speaker. Some participants suggested incorporating more hands-on activities and extending the Q&A session in future events.

Mr. Mandar Kulkarni, Infinity Tech Resources.
