9. Expenditure amount, if any: Rs 0
10. Remark

The visit was an enriching experience that helped students understand the importance of incubation centers in fostering entrepreneurship. The students gained valuable insights into the process of innovation and the role of IP facilitation centers in supporting startups.

11. Mode of Session delivery: Offline
12. Objective (in less than 100 characters):

The objective of the visit was to understand the incubation process, gain insights into entrepreneurship, and explore opportunities for innovation and startup growth.

13. Benefits in terms of learning/ skill/ knowledge obtained (in less than 150 characters)

Students learned about the role of incubation centers in nurturing startups, gained exposure to entrepreneurship, and understood the importance of intellectual property (IP) in business. Insights were shared on how innovation and mentorship support the growth of early-stage startups.

16. Session Plan

The visit began with an introduction to the incubation center's objectives and services. Students were provided a tour of the facilities, including co-working spaces, labs, and mentoring areas. They interacted with incubatees and discussed their startup journeys. The visit concluded with a session on the role of IP facilitation in startup development and the importance of intellectual property rights in entrepreneurship.

The session was well-received by all participants, and the exposure to real-world entrepreneurial ventures and incubation processes helped motivate students to explore their own innovative ideas. The visit aligned well with the goals of the IIC and the MIC in fostering an innovation-driven environment within the institute.
